

2013 International Course for Health Sciences Autumn Educational Program

国際実践特講 I・II (International Practice I・II)、国際実践フィールドワーク I・II (International Fieldwork Practice I・II) 開講時間割

Date		1 (9 : 00 ~ 10 : 30)	2 (10 : 40 ~ 12 : 10)	3 (13 : 10 ~ 14 : 40)	4 (14 : 50 ~ 16 : 20)	5 (16 : 30 ~ 18 : 00)
10/17 Tur E803	Class	International Practice I・II 国際実践特講 I・II ①	International Practice I・II 国際実践特講 I・II ②	International Practice I・II 国際実践特講 I・II ③	International Practice I・II 国際実践特講 I・II ④	
	Subject	Holistic prevent osteoporosis	Development of Human Research Ethics Review in Thailand	Current situation of dengue virus study	What is diabetes mellitus?	
	Lecturer	タイ・チェンマイ大学医学部准教授 Associate Prof. Somsak Chaovitsaree	タイ・チェンマイ大学医学部准教授 Associate Prof. Nimit Morakote	大阪大学 微生物病研究所 ウイルス免疫分野 助教 黒須 剛 先生	国立国際医療研究センター 岸本美也子 先生	
10/18 Fri E803	Class		International Fieldwork Practice I・II 国際実践フィールドワーク I・II ①	International Fieldwork Practice I・II 国際実践フィールドワーク I・II ②	世界展開力強化事業セミナー (15:00-18:00)*	
	Subject			Global health	Thailand-Japan research seminar on global health and infectious diseases	
	Lecturer		未定 (WHO)	Dr. Megumi Kano (proposed)(WHO)	亀岡先生	
10/19 Sat E803	Class	International Practice I・II 国際実践特講 I・II ⑤	International Practice I・II 国際実践特講 I・II ⑥	International Practice I・II 国際実践特講 I・II ⑦		
	Subject	Supporting caregivers in care of persons with spinal cord injury	Timing it right Cognitive rehabilitation for persons with traumatic brain injury	Human Ecological Fieldwork in Small Communities: Methods and Case Studies		
	Lecturer	タイ・チェンマイ大学看護学部 Dr. Achara Sukonthasarn	タイ・チェンマイ大学看護学部 Dr. Achara Sukonthasarn	北海道大学大学院保健科学研究所 教授 山内太郎 先生

Cooperation and Collaboration Programs with ASEAN Universities

Thailand-Japan research seminar on global health and infectious diseases

Date: 18 October 2013, 15:00-18:00

Venues: VOD conference room, Chamlong building, Mahidol University
Room E803, Kobe University Graduate School of Health Sciences
Main Lecture Hall, Kobe University Graduate School of Medicine

Program:

➤ **Opening remarks**

Yasuhiro Minami, Vice Dean, Kobe University Graduate School of Medicine 15:00

➤ **Session 1, Faculty of Tropical Medicine, Mahidol University 15:10-15:40**

- Chonlatip Pipattanaboon, (Cloning and expression of Dengue recombinant proteins for Dengue vaccine design.)
- Phanthila Sirichaiyakul, (Gambicin: An antimicrobial peptide as the therapeutic option for treatment of antibiotic-resistant bacteria and tropical pathogens.)

➤ **Session 2, Mahidol-Osaka Center for Infectious Diseases, Osaka University 15:40-16:10**

- Orapim Puiprom, (Characterization of chikungunya virus infection of a human keratinocyte cell line: Role of mosquito salivary gland protein in suppressing the host immune response.)
- Panjaporn Chaichang, (Sequence variation of Dengue virus 2 premembrane and envelope derived from patient plasma shows significantly different biological characteristics in human K562 cells.)

➤ **Session 3, Kobe University Graduate School of Health Sciences, Kobe University Graduate School of Medicine 16:10-16:55**

- Eriko Iwasaki / Graduate School of Health Sciences (Bone mineral density and bone turnover among young women in Chiang Mai, Thailand)
- Shuhei Ueda / School of Medicine Faculty of Health Sciences (Title TBA)
- Chyntia Jasirwan / Graduate School of Medicine (The human herpesvirus 6 U21-U24 gene cluster is not essential for virus growth)

➤ **Session 4, Lecture seminar 17:00-18:00**

- Pongrama Ramasoota / Faculty of Tropical Medicine, Mahidol University (Thailand-Japan research collaboration on development of therapeutic products against Dengue virus)
- Masanori Kameoka / Kobe University Graduate School of Health Sciences (HIV/AIDS research at oversea research collaboration centers)

➤ **Closing remarks**

Satoshi Takada, Dean, Graduate School of Health Sciences, Kobe University 18:00
